

Oil and Natural Gas Workshop

Developed and Delivered as a partnership between MCDP and SPIGEC

2010 Workshop

Thank you to the all the municipalities who attended the *Oil and Natural Gas* Follow up workshop that was held during the SARM Annual Convention on March 10, 2010. The workshop focused on a number of Oil and Gas topics and included the following presentations*:

- [Life Cyle of a Well](#)
- [Water Use in the Oil and Gas Industry](#)
- [Oilsands in Saskatchewan](#)
- [Regulatory Overview](#)
- [The Value of an Airshed Management Process to Airshed Stakeholders](#)
- [Enform](#)

A special thanks to Darlene Sakires and Rick Stilling from SPIGEC for partnering with MCDP to deliver this workshop and to all of the presenters that made the day a success including:

Catherine Watson and Marc Dubord, Cenovas Energy
Calvin Clark, Oilsands Quest Inc.
Todd Han, Saskatchewan Energy and Resources
Terry Gibson, SESAA (Southeast Saskatchewan Airshed Association)
Caroline Johnston, Enform

2008 Workshop

Thank you to all of those who represented their municipalities at the Oil and Natural Gas workshop that was held prior to the SARM Midterm Convention on November 12th, 2008. The turn out was phenomenal. We had 122 individuals join us from 47 municipalities for the day to learn about and discuss Oil and Natural Gas development across the province.

A special thanks to Darlene Sakires from SPIGEC for partnering with MCDP to deliver this workshop and to all of the presenters that made the day a success-

Ted Jones and Jennifer Findlay, Talisman Energy Inc.
Mike Doyle, Canadian Association of Geophysical Contractors
Wilma Moen, Lacadena area
Greg Hoffort, RM of Estevan
Kevin Ball, Government of Alberta
Twila Walkeden, EnCana
