

# Planning for Growth Workshop

*Developed and Delivered as a partnership between MCDP, Saskatchewan Association of Rural Municipalities, Saskatchewan Urban Municipalities Association and Ministry of Municipal Affairs.*

*Photos: Municipal Capacity Development Program*

## Workshop Overview

The Planning for Growth Program (PFG) provides financial assistance to Saskatchewan municipalities seeking to enhance regional planning capacity and facilitate sustainable growth and development. Planning provides a foundation for orderly and beneficial development and municipal growth. Urban and rural neighbours or groups of communities can work together to guide the development process, share services, and build on regional strengths and opportunities. The PFG program is supported through funding from Enterprise Saskatchewan and the Federal Gas Tax Program and will be administered by the New Deal Secretariat.

The Planning for Growth workshops provided information on planning, developing relationships and the specifics of the PFG program.

## Workshops

Thank you to everyone who participated in the Planning for Growth (PFG) Workshops from July 21st - 29th, 2010 and August 19, 2010. We look forward to seeing the planning successes across the province from the Planning for Growth Program!
