Grant and Funding Opportunities

Introduction

SPRA is a non-profit volunteer organization whose purpose is to promote, develop and facilitate parks and recreation opportunities throughout the province. We are recognized as the provincial umbrella organization representing parks and recreation in Saskatchewan and manage the Recreation Section of the Saskatchewan Lotteries Trust Fund for Sport, Culture and Recreation.

SPRA provides a provincial voice allowing its members to promote and facilitate parks, recreation and leisure opportunities throughout Saskatchewan. SPRA is committed to representing not only its members but also the citizens of the province as a whole.

Looking for Funding? We can help!

The Saskatchewan Parks and Recreation Association is aware that our sector relies heavily on grant opportunities to deliver important programs and services across the Province. It is because of our sectors reliance on grants that SPRA has compiled over 130 unique opportunities specific to sport, culture and recreation.

The SPRA Grant Opportunities Booklet is a great starting point for both professionals and volunteers working within our sector looking for grants to support projects, programs or initiatives. SPRA recognizes that new grant opportunities arise from time to time and some of these opportunities are time sensitive. SPRA's Communication Information Research Department has access to exclusive funding directories which we can help identify the latest grant opportunities. For more information, contact us at 1-800-563-2555 or (306) 780-9206, by email at resourcecentre@spra.sk.ca or visit us online at www.spra.sk.ca/information

SPRA also offers a number of grant opportunities to our membership. To find out more about the grants we offer please visit www.spra.sk.ca/funding .

Opportunities presented in this resource are accurate as of the print date. SPRA's intention is to share funding opportunities that are relevant to the sector, and as such, opportunities referencing specific companies, foundations or organizations should not be viewed as an endorsement.
